

Shall We Rejoice

Gladness comes with a better understanding of the transient nature of the human physical life which vanishes before proper efforts—gentle efforts—pleasant efforts—rightly directed and assisted by the pleasant laxative remedy Syrup of Figs and Elix of Senna. Its beneficial effects are due to the fact that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. To get its beneficial effects always buy the genuine manufactured by the California Fig Syrup Co.

The Presbyterian Sunday school proved themselves last night to be royal entertainers as well as busy bees making provision for other people's comfort. Mrs. Hewitt, teacher of this class and director of the band, supervised the presentation of the program rendered to an appreciative audience last evening in the church. An example of the diligence of these young ladies of an average age of 12 years was shown in the two quilts on display, which were made for the Ladies' home by the little forerunners. Already they have raised \$25 with which to start a Sunday school in the mission field and this will be sent to the Presbyterian mission board for that purpose. Following is the order of the splendid program:

"FLYING LEGION" OF BOOSTERS RETURN

Decided Success Was Trip Into Arizona to Boost for the San Francisco Exposition; May Come to Albuquerque.

San Francisco, Cal., Nov. 18.—The "Flying Legion" of the San Francisco Commercial club arrived in this city the early part of the week and reported that their trip to Prescott and Phoenix had been a decided success. If the matter is very much encouraged it is believed that a similar trip will be taken into New Mexico.

The delegates are satisfied that the trip will bear good fruit, as the boosting at the Arizona state fair and at all points at great stops were made by the members of the legion, and the directors feel confident that Arizona fully appreciates the importance and necessity of making the best exhibit possible at the 1915 exposition in this city.

Following the boosting excursion will be a special night at one of the local theaters, where the moving pictures taken on the trip will be shown, and a booster's luncheon at the San Francisco Commercial club next Friday.

The directors intend to hold special booster meetings in this city to further arouse the citizens to the necessity of getting behind the great exposition, Duncan McKinlay and other speakers will be called upon to address those meetings, and moving pictures of the Panama canal and other scenes will be exhibited.

Frederick J. Koster, leader of the Flying Legion, the newest activity of the regenerated San Francisco Commercial club in the exploitation of the world's exposition, in an interview said:

"The initial excursion of the Flying Legion was an unqualified success. Our visit to Arizona was of extreme importance, emphasizing as it did the necessity of face-to-face meeting by men truly representative of the San Francisco with the people of Arizona in developing the spirit of the west and the need of harmonious relations between the two states. On the trip was organized the Flying Legion, and the fifty-seven delegates who formed the nucleus of this body of citizens have pledged themselves to contribute their time and their money toward this great work of concentration of effort for the up-building of the west, a work in which San Francisco, the natural metropolis of the Pacific slope, must necessarily take the lead."

"It is clearly evident that this organization will become a veritable 'Loyal Legion,' in which citizens of California will enter it as a honor to have their names enrolled. Membership can be secured only by going on one of these excursions. Every member will wear the gold button of the
